

COMPANY PROFILE

Reliable
Infrastructure,
Real Impact

Engineering world-class lighting
and infrastructure solutions for
Brighter & Stronger Tomorrow.

Who We Are

At Frisson Globalize, we are your trusted partner in the world of international trade. With a deep commitment to excellence and a global perspective, we specialize in connecting businesses across borders. Our extensive network and local expertise enable us to navigate the complexities of international trade with precision. We take pride in our dedication to quality, sustainability, and client satisfaction. Our mission is to make global trade accessible and efficient, empowering businesses to thrive in the international marketplace. Discover the world of possibilities with Frisson Globalize, where every partnership is built on trust and every transaction is a step toward shared success.

Our Mission and Values

At Frisson Globalize, our mission is simple yet profound: to foster global connections and progress through exceptional engineering exports. We're guided by core values of integrity, quality, sustainability, and client focus. These principles drive every decision we make, ensuring that we not only meet but exceed our customers' expectations. We believe in a world where trust, excellence, and responsible practices lead the way to a brighter future.

Available in height range of
12M TO 60M

High Mast poles

At Frisson Globalize, we specialize in the precision manufacturing of high mast poles, elevating the standards of urban and industrial lighting infrastructure. Our high mast poles are crafted with meticulous attention to detail, using the finest materials and advanced engineering techniques. From design to production, our dedicated team ensures that each pole is built to withstand the test of time and harsh environmental conditions.

APPLICATION

- Airport Lighting
- Seaport and Harbor Lighting
- Stadium and Sports Complex Lighting
- Highway and Expressway Lighting
- Industrial Area Lighting
- Parking Lot and Car Park Lighting
- Outdoor Event Lighting
- Railway Yard Lighting
- Container Terminal Lighting
- Prison Yard and Security Lighting

Sports & Stadium poles

APPLICATION

- Stadium illumination project
- Arena illumination project
- Sports Complex illumination project
- Race Track illumination project
- Tennis Court illumination project
- Football Field illumination project
- Baseball Field illumination project
- Cricket Ground illumination project
- Soccer Field illumination project
- Hockey Rink illumination project

Street light poles

At Frisson Globalize, we take immense pride in our precision street light pole manufacturing process. Every pole we create embodies our commitment to engineering excellence and sustainability. We start with the finest materials, carefully crafting each pole to meet the highest industry standards. Our state-of-the-art facilities are equipped with cutting-edge technology and staffed by skilled professionals who ensure the utmost precision at every step.

APPLICATION

- Urban Street Lighting
- Residential Areas
- Commercial Districts
- Highways and Roadways
- Public Parks
- Pedestrian Walkways
- Parking Lots
- Airport Runways
- Industrial Facilities
- Campus Lighting
(e.g., universities, hospitals)

Available in height range of
2M TO 12M

Decorative Street Light Poles

At Frisson Globalize, the art of crafting decorative street light poles is a testament to our dedication to engineering excellence. Our manufacturing process combines precision engineering with creative design, resulting in beautifully crafted poles that not only illuminate the night but also enhance the aesthetics of urban spaces. From selecting premium materials to meticulous fabrication, each step is undertaken with the utmost care and attention to detail.

Available in height range of
2M TO 12M

Accessories

**SINGLE GEAR DOUBLE
DRUM WINCHES
(SGDD)**

**DOUBLE GEAR DOUBLE
DRUM WINCHES
(DD MFO)**

**HEAVY CRANE
DUTY MOTOR**

**STAINLESS STEEL
WIRE ROPES**

LANTERN CARRIAGE

**GALVANIZED HEAD
FRAME BRACKET**

**OUTDOOR FEEDER
PILLAR**

**HIGH MAST
JUNCTION BOX**

**WINCH AND MOTOR
MOUNTING BRACKET**

**DOUBLE DOME
LED AVIATION LIGHT**

**HOT DIP GALVANIZING
FOUNDATION BOLT**

**WIRE ROPE
LOCKING CLAMP**

PERFORATED CABLE TRAY

VARIOUS FEATURES:

- Maximizes Ventilation
- Easy Installation
- Corrosion Resistance
- Rigid Structure
- High Capacity

LADDER CABLE TRAY

VARIOUS FEATURES:

- Structured with parallel rungs and side rails
- Open design aids airflow and easy access
- Versatile, adjustable, and safety-enhanced
- Compliant with industry standards for reliability and performance

WIRE MESH CABLE TRAY

VARIOUS FEATURES:

- Open design promotes airflow and simplifies cable installation.
- Versatile, suitable for industrial, commercial, and data center applications.
- Adjustable components for tailored setups. Corrosion resistance ensures longevity.
- Easy access for maintenance and troubleshooting.
- Compliant with safety standards for peace of mind.

RACEWAY CABLE TRAY

VARIOUS FEATURES :

- Provides organized pathway for cables.
- Suitable for various environments.
- Easy installation and maintenance.
- Offers protection and support for cables.
- Versatile for diverse cable management needs.
- Compliant with safety standards.

EMBOSSED PERFORATED CABLE TRAY

VARIOUS FEATURES:

- Enhanced airflow and heat dissipation.
- Lightweight yet durable construction.
- Easy installation with versatile mounting options.
- Provides excellent cable support and organization.
- Corrosion-resistant materials for long-term reliability.
- Customizable configurations to suit various applications.

CABLE TRAY ACCESSORIES

HOUSE WIRE

IS : 694
FR /FRLS / ZHFR / HR
UP TO 185.00 MM
In All Color
99.98 % Pure EC Grade Copper

Fire Retardant
Higher Flexibility
Environment Friendly
Anti Rodent

INDUSTRIAL CABLE

Industrial Power Cable
Industrial Control Cable
Flexible Cable
FRLS / FR / HR / XLPE
Armored / Un Armored.

Single Core up to 185.00 Sq.mm.
Multi Core up to 50.00 Sq.mm.

SUBMERSIBLE FLAT CABLES

Industrial Power Cable
Industrial Control Cable
Flexible Cable
FRLS / FR / HR / XLPE
Armored / Un Armored.

Single Core up to 185.00 Sq.mm.
Multi Core up to 50.00 Sq.mm.

SPECIALIZED CABLES

Instrumentation Cables
(Braided & Shielded Cable)
Welding Cable
Fire Survival Cable
Solar Earthing Cable

Automotive Cables
Elevator Cables
Weft-feeder cable

Outdoor Lights

Our range of outdoor lighting solutions is designed to perform in the toughest environments while delivering unmatched efficiency and brilliance. From high mast and flood lights to street, area, and high bay lights—each product offers durable construction, energy savings, and precise illumination. Whether it's a stadium, highway, warehouse, or urban space, our lights are built to brighten every corner with reliability and clarity. Discover lighting engineered for every outdoor need.

Sports Light

Illuminate every moment with high-performance LED sports lights—engineered for clarity, power, and efficiency. Ideal for stadiums and fields alike, they offer uniform brightness, long-lasting durability, and energy savings. Light up the game the way it was meant to be seen.

Flood Light

Our LED flood lights combine powerful performance with energy efficiency. Built for all weather, they're perfect for stadiums, security, and outdoor landscapes—offering adjustable settings to suit any need.

Area Light

Brighten large outdoor spaces with our high-efficiency area lights. Designed for parking lots, campuses, and industrial zones, they offer wide, uniform coverage with low energy use and durable, all-weather performance.

Street Light

Engineered for roads, pathways, and urban spaces, our LED street lights ensure consistent brightness, reduced power consumption, and long operational life—delivering safety and visibility with every install.

High Bay Lights

Designed for warehouses, factories, and large indoor spaces—our LED high bay lights offer powerful brightness, energy efficiency, and long-term reliability. Experience high-performance lighting built for industrial demands.

High Mast Light

Ideal for airports, highways, and large outdoor areas—our high mast lights deliver powerful, uniform illumination with lower energy use and minimal maintenance. A reliable, eco-friendly solution for wide-area lighting.

 B/255-56, Royal Plaza, Opp.Patel Park Society, Simada-BRTS Road, Simada, Surat-395010, Gujarat, India.
